WHEAT AND FLOUR ON THE FREE LIST

An order-in-council was passed by the government placing wheat, wheat flour, semolina and other wheat products on the free list. The announcement was made by Sir Thomas White, finance minister, at the close of the meeting. For some time Sir Thomas, assisted by Hon. Arthur Meighen, has been investigating the question of wheat prices and decided that owing to the transportation difficulties in the Atlantic and the lack of demand in Europe for low grade wheat, to place wheat on the free list. In view of this situation the government has taken advantage of the reciprocal clause in the Underwood tariff and wheat products are placed on the free list. The order goes into effect at once. No limitation is necessary, as the government has the power to place articles on the free list.

LONG FIGHT NOW WON

The announcement of the government that wheat had been placed on the free list this morning up to the wheat of the United States in Canadian grain growers, though not entirely unexpected, was met with great satisfaction throughout Western Canada. It was a great battle won by the grain growers of the West.

It was the United Farmers of Alberta, the United Farmers of Canada, and the United Farmers of the Western Provinces, who, through their representatives, secured the placing of wheat on the free list. They have not only received the recognition of the government, but also the approval of the people. It is a victory which will be appreciated by all who are interested in the welfare of the West.

BREAKING ICE AT HEAD OF LAKES

Ice-breaker, *Algonia* Has Reached the Sea

Sault Ste. Marie, Mich., April 17.—To the welcome salute of whistles from boats and drogues along the river from the ice breaker *Algonia*, reached the sea at 1:30 o'clock this afternoon after opening a channel between here and Detroit, a task which has taken it days of hard work.

S. H. Proctor of the department of marine and fisheries of Canada, who was aboard the *Algonia* on the trip, did not know at a glance whether the government would send the ice breaker to open a channel in Whitefish Bay. From remarks he had, he did not believe this would be possible.

The primary object of the ice breaking task of the *Algonia* to provide a passage for coal laden steamers for the *Algonia* Steel corporation has been accomplished and it is believed these steamers will leave tomorrow.

TURN IN RETREAT

British in Mesopotamia Continuing Their Advance

London, April 17, 1:35 p.m.—British troops in Mesopotamia are continuing their advance up the Tigris in the face of the retreat of the Turks. It was officially announced today that they have pushed to within a mile or more of the city of Samarra, 20 miles northwest of Baghdad, and within a mile and a half of the city of Tikrit, where the Turks apparently are expected to make their next stand.

TRIED TO HIDE SNAKE

New York, April 17.—Maxwell Cutler of this city was sentenced to a year in prison for a snake.

He was charged with a snake which he had hidden in a box of cigars. The box was found by a German official. The snake was a cobra and was found to be a female. The German official was a member of the German consulate in New York.

HISTORY FOR THE STRUGGLE FOR FREE WHEAT

J. A. Mahars, president of the Saskatchewan Grain Growers' association, gave out the following interview tonight to the Western Associated Press Correspondent:

"When I look back to November 16, 1916, the date on which the grain growers of the west began their struggle, then on through the years to yesterday, and realize that our great aim—free wheat—has been attained, I can only say, as I have said time and time, it is right, it is just, it is fair. I need not enumerate the many advantages to be gained by the interchange of wheat and wheat flour, they can be seen without any prompting, they are on the surface. Our organized fight for free wheat has been successful, it has brought about what we desired, it gave us as a competitive market, a reasonable assurance that we shall get for the products of our farms a just return. Now that we have what we have asked for for so many years, it may perhaps be not amiss to look at the future of the grain growers of this country.

"With an assurance of good prices in competitive markets, we can be certain that our labors will be repaid justly. Free wheat will help to bring back to the land that population which has gone elsewhere.

"Our wheat lands will soon be dotted with comfortable homes—men will turn to agriculture and the Saskatchewan will maintain her position as the bread basket of the empire, giving full expression to the idea contained in the proverbial saying: 'The Almighty King George V. at his coronation.'

"The farmers of Saskatchewan are

now guaranteed one more along competitive market for our hard wheat, which is time now on, will be more and more in demand by neighboring to the south, consequent on the war and the closing of the wheat market in the north.

"The next logical step, it is to give the farmer the same opportunity to purchase the necessary supplies required in the production of farm products—fats, flour and the Saskatchewan farmer will be able to compete against the world despite cheap sugar in other wheat producing countries. It will make certain for our farmers the dollar of their share in raising the war debt when the terrible conflict is over, as we doubt the closing up of the debt will be based on war-time national industry—agriculture.

"This step, the granting of free wheat, will, further, have a far-reaching effect in strengthening the bond of union and the relations between our American neighbors and ourselves, altogether apart from financial considerations, and, finally, as it does, at this particular time when they have decided to throw in their lot with us in this world wide struggle for freedom, it may set aside the fallacy of placing any obstacles to trade between people."

Army Medical Corps Wants Recruits

There is a great need just now for recruits for the Canadian Army Medical Corps. This branch of the Canadian Expeditionary Force is maintained for a twofold object. Firstly, the prevention of disease, secondly, the care and treatment of the sick and wounded. Along the first line of work, to which but little publicity has been paid up till recent years, the efforts of medical units have been both fruitful to the extent that whilst anything from 75

to 80 per cent of the dead, 100 former were saved in their units from fever and epidemics, the mortality in the present campaign from such cause is practically nil. Canadian Army medical units are in the process of reorganization, and the medical supervision of military operations in all Canadian camps and barracks, as well as in the quarters occupied by the troops on active service.

This little is known to the general public of the admirable work of the Canadian Army Medical Corps. In the glamour of battle, warfare, and the dash and heroism of our fighting units, the quiet, unostentatious work of this special organization, the last sight of their arduous, and untiring devotion to duty has each week since the commencement of hostilities, resulted in the saving of countless Canadian lives. Noble tributes are paid to the men of this service by our veterans of the present war, many of whom would have died of exhaustion and loss of blood on the field of conflict but for the timely aid of the "Red Cross Man."

Every month brings demands upon the Canadian training depot for trained men for overseas service. To continue this we must keep a steady stream of trained men ever flowing from our Canadian training quarters to the field of France, and the wider spread Canadian hospitals. It would be a lasting disgrace to our great country could it ever be said that we could not supply the medical men to tend our wounded and maimed heroes.

This district has done less than its share in supplying men for this important service. There are many who could do noble work for their brother man in the field of service. The Army Medical Corps, Calgary, will be glad to hear of any prospective recruits.

The Herd By-law was adopted by a unanimous vote of the Council at its last meeting, to take effect on June 10th. We are sure it will please the residents of Granum to know that especially those who have tried to raise garden stuff and flowers in the past, but owing to the money string a much sounder law has been put in place.

Ballway Avenue of Granum is in the worst shape now than I ever have known it to be before. Can you do it? It is quite a scandal to watch the autos and heavy loaded wagons that get stalled at different times during the day. As soon as the ground is fit to work we will have to get here and repair the roadways. Granum has always been proud of her streets in the past, but this year Jack Elmo put one over on us.

Mr. Brown, a former firing on the outside, pulled off a kind of a stunt, one day last week. While driving down front street he saw a great exhibition of a driver who had lost control of his car, and when in front of the school he took to the sidewalk, drove across the street, through a bush and leaves, where he finally stopped. He and his daughter were in the car and were seriously injured by the fall. No one was hurt, but the car was slightly damaged. "Whoo!" would stop over a 100 ft. jump.

beated for Macleod, intending to take in a show which was to be followed by a dance. They were, however, badly disappointed, for before they reached the outskirts of Granum they were so badly bogged in a muddle that the evening was far spent before they reached their destination. They managed to swing in on the tail end of the dance.

Mr. and Mrs. Costine, were in Calgary, last week.

The young son of Mr. and Mrs. Charles Hogen, was seriously scalded on the head and neck, by upsetting a jug of hot water over itself, last Monday.

Mr. and Mrs. Lelaw and Mrs. Smith, motored to Calgary, last Saturday and returned on Monday. Mr. W. E. Smith and Martin Lelaw, of Vancouver, accompanied them.

The hot water heating plant, at the school, which was out of order, has been fixed up and reinstated, during the Easter holidays. School reopened on Tuesday, the 15th.

Mr. Paul Walden's Ford turned turtle on the trail East of town last week, pinning Paul under the car. He had a narrow escape from very serious injury, having to stay there until a passer by came to his assistance.

Mr. and Mrs. Burges, of Clifton, B.C. are visiting with Mr. and Mrs. Simpson. They are on their way to Great Falls, Mont., where they intend to go into ranching. Mr. Burges is shipping a quantity of stock, down there.

Considerable interest was manifested in the stock sale, held in Calgary, last week. The following farmers, from Staveland, district were present and invested in registered stock: J. W. Diller, C. A. Norton, J. Cowden, Andrew Nelson, Hume Linton and J. H. Janney.

Charlie Reynolds, again appears in the casualty list. This time, he is reported as being gored. He is evidently intending to speed the scrap through to the finish. It is not long since he was in the hospital, suffering from 17 shrapnel wounds and a rifle ball, in his ankle. As soon as he left the hospital, he offered his services again and was immediately sent to the front. We sincerely hope, his illness will not prove serious.

Three rows of young people staid in a pop ride, one day last week.

Will YOU Give 3-4 Cents a Day to Keep A Child From Starving?

If you will, read this appeal carefully then decide what share you will take in helping avert the greatest tragedy of all time.

1,250,000 CHILDREN ARE FACING SLOW STARVATION IN BELGIUM TODAY.

The Belgian Relief Commission has not the means to supply these growing children with the food that is necessary. **THE SITUATION IS SERIOUS.** This great relief fund has largely been administered through Americans; the break between the States and Germany has brought about a crisis; there is more need of funds now than at any previous time.

THE GREAT RELIEF WORK MUST AND WILL GO ON. WE MUST DO OUR SHARE.

At the present time the growing child in Belgium receives only a "hunk of bread and a bowl of soup" each day. It is not enough; they must have more—or starve.

For 3-4 cents a day the Relief Commission can supply one child with an extra "meal" of a biscuit made with fat and lard and a cup of cocoa, not much, but it is the difference between life and death, between health and disease, for the children of heroic Belgium.

ALBERTA HAS BEEN BLESSED WITH TWO RECORD-BREAKING CROPS.

We are prosperous—the future looks bright—we are in a position to help. How many starving children can you look after? How many will we look after?

HOW MANY WILL YOU FEED?

\$12.00 a year, the price the Alberta farmer received for eight bushels of his wheat, will give this extra "meal" to one child for a whole year. \$6.00 a day or \$36.00 a year will keep three children from starvation. \$60.00 a year will feed five; \$120.00 a year will feed 10.

WERE YOU EVER HUNGRY?

Can you picture starvation, the pinched faces, the piteous cries?

IF THE CHILDREN WERE STARVING IN ALBERTA you would help—

YOU WILL HELP IN THIS CASE

You can't pass by the children's cry for food from starving Belgium!

AND YOU MUST ACT NOW

The thought that you are feeding some of these unfortunate each day will bring you happiness. Think of the eager little hands reaching for the meal you supply.

Your own meals will taste sweeter when you do your share. The paper in which you are reading this is doing its share by publishing this appeal without charge—**WHAT WILL YOU DO?**

You may send contributions by the week, month, or in one lump sum. You are ASSURED that your money is used for the purpose it is sent.

THERE ARE HUNGRY CHILDREN AWAITING YOUR DECISION. HOW MANY WILL YOU FEED?

A Record Manitoba Cow

The Illustration of What Care
and Proper Feeding Will Do

What is believed to be the first
record of over 20,000 pounds of milk
from a cow in one year in Manitoba
has been achieved by a pure bred
Holstein-Friesian in the dairy herd
of the Provincial Asylum at Selkirk.
Centre View Butter Herd. It is the
cow, and her record for 465 consecutive
days in 1916 was 20,302 pounds of
milk and approximately 84
pounds of butter. She is over
6 years old and her record for the past
five years is a fine illustration
of what care and proper feeding will
do to increase capacity. She has
cost over \$1,655.50. In 1913,
